Re: EE Consulting Services

Dear Mr. Green:

I want to express my gratitude for the excellent service you have provided to our school district. Your program has made a difference in the cost and consumption of energy in our district, keeping our energy cost within our budget.

I would also like to compliment you on your professionalism and knowledge in energy related matters. Savings from the program are used to maintain a quality education and a stable tax base.

Please feel free to use this letter as a reference for any future clients. I would highly recommend your service to anyone without hesitation. I am confident that they would benefit from your expertise and energy management program.

Sincerely,

Joseph L. Tette
Business Administrator
Wilson Central School District
